

Gypsum Field Day

April 13, 2016 from 1-3pm

Nettekoven Farm
N4661 County Rd PP
Black Creek, WI 54106

1:00 pm Glacierland's Gypsum Projects - Molly Meyers
1:15 pm Benefits of Using Gypsum on Clay Soils - Ron Chamberlain, Gypsoil
2:00 pm NRCS Practice Standard for Gypsum & EQIP Eligibility - Barry Bubolz, NRCS
2:30 pm Gypsum Spreading Demonstration

Join us to learn more about options for using gypsum on your farm. In addition to supplying calcium and sulfur to your crops, there are benefits for soil health and water quality. The field day will include presentations that highlight local projects and gypsum research, along with a spreading demonstration and an overview of how to apply gypsum. NRCS staff will share information about their practice standards for gypsum and will be available to answer questions about EQIP eligibility.

Please feel free to join us for all or part of the afternoon! Contact Molly Meyers with any questions: 920.680.6484 or mgc@glacierlandrccd.org

The Nettekoven Farm is located about 7 miles south of Black Creek on County Road PP.
